These products are sold nationwide in retail and club stores. No illnesses have been reported to date in connection to these products. Consumers can also visit the following Web site for information on this recall: [www.kashipeanutbutterrecall.com](http://www.kashipeanutbutterrecall.com).

*Salmonella* is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with *Salmonella* often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with *Salmonella* can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis and arthritis. For more information on *Salmonella*, please visit the Centers for Disease Control and Prevention’s Website at <http://www.cdc.gov>.

Consumers who have purchased the recalled products are urged to destroy them. Consumers with questions or who would like a refund may contact the Consumer Response Center at 877-701-5868. Consumers with questions or concerns about their health should contact their doctor.
